

GONDWANA – Das Praehistorium

Enjoy an immersive and interactive experience at „GONDWANA – Das Praehistorium“, a natural history museum where you can explore 4.6 billion years of earth history and see how life developed on our planet. On 10,000 square metres, the museum takes visitors through 21 prehistoric worlds, all indoors and accessible! Cutting-edge animation and audio-visual technology lets you experience the history of our planet and life as if you were part of it.

Go on a multi-sensory journey through our planet’s past which features the emergence of the first life forms, dinosaurs such as the mighty Tyrannosaurus rex, Triceratops, Giganotosaurus, Megalodon and many more, Neanderthals hunting mammoths, knights conquering cities and the space age. After your visit, enjoy food and drink in “Gondi’s Restaurant”.

Water garden (Der Wassergarten)

Covering a total of 29,000 square metres, this water feature includes five cascading water basins and uses surface water as well as 32-degree warm mine water, which is brought up from a depth of 800 metres.

As a design highlight, the water garden is a key part of the Reden site, inviting visitors to stroll, linger and explore the plants and wildlife that have found a home here.

The so-called “Mosesgang” with its cascading waterfalls has become one of the most popular and spectacular photo spots in Saarland.

Don’t miss: Throughout the water garden, a new installation of 22 large-scale photos shows the most magical places to be discovered in the region!

The water garden is open at all times and admission is free.

Archaeological treasures

A wide range of archaeological finds spanning thousands of years are kept in Saarland’s antiquities collection, which is open to visitors on the Reden site in the “Schatzkammer der Archäologie” museum:

Take a look behind the scenes of the fascinating work of the archaeologists and discover the stories behind intriguing items from the Stone Age to the Middle Ages, including how they were found and what happens to them after excavation.

Admission is free and by appointment only.

Once spoil tip, now outdoor and hospitality hotspot

The “Halde”, once Reden mine’s spoil tip, has become a popular place in the Saarland region to enjoy great views from a panoramic hiking trail or tasty snacks and refreshing drinks in the “Alm Food” beer garden.

Tip for families with children: Don’t miss the adventure and toddler playgrounds Reden has in store for you here!

Hiking, cycling and more

Visitors can explore the Reden site on three hiking trails, combining forest tracks with spectacular views. Insights into mining and its historic significance for the region are provided via QR codes integrated on the way:

- “Redener Panorama Pfad” (panoramic trail, 4.7 miles, moderately difficult)
- “Höfertaler Wald Pfad” (forest trail, 3.1 miles, easy)
- “Premiumweg Itzenplitzer Pinggen Pfad” (5 miles, moderately difficult, starts at “Itzenplitzer Weiher” pond)

Other activities:

- Cycling route “Tour d’énergie” between the former mines Reden and Göttelborn (15 miles)
- Cycling and skating at Reden’s spoil tip (2.5 miles)
- New: mountain biking trail 3 (20 miles) connecting to other trails near Neunkirchen and St. Ingbert

Welcome

Welcome to your Reden experience!

Discover this former industrial site right in the heart of the Saarland region which used to be a coal mine for almost 150 years from 1846 to 1995.

Over the past 20 years, Reden has turned into a popular leisure and tourism destination, featuring a range of visitor options and experiences, including museums, outdoor activities and restaurants. Nearby "Itzenplitzer Weiher", a pond with a historic pump house, provides additional opportunities for walking, cycling, horse riding and fishing.
